

Agenda Item: 20-15 Request to Approve Appointments of Members to the Water Pollution Control System Operators Certification Commission

Explanation: DEQ Secretary Michael S. Regan has approved the following appointments to the Water Pollution Control System Operators Certification Commission.

Mr. Kenneth Stines – Metropolitan Sewerage District of Buncombe County (Asheville) – appointed to fulfill the requirement of a member employed as a water pollution control collection system operator, superintendent, director, or equivalent position with a North Carolina municipality.

Mr. Jonathan Russell – City of Washington – appointed to fulfill the requirement of a member employed as a manager of a NC municipality with population less than 10,000 persons.

Dr. Bob Rubin – NC State University, Professor Emeritus – appointed to fulfill the requirement of a faculty member of a four-year college or university whose major field is wastewater treatment.

Recommendation: It is requested by the Water Pollution Control System Operators Certification Commission that these appointments be approved by the Environmental Management Commission.
